BUSINESS OVERVIEW

Diversified electrical consumer-durables leader spanning cables and wires, switchgear, lighting, electrical consumer durables and Lloyd appliances. Brand strength, distribution and domestic manufacturing form the core moat.

| Period | Revenue / loan book | PAT   | PAT margin / net NPA |
|--------|---------------------|-------|----------------------|
| FY24   | 18,550              | 1,273 | 6.9%                 |
| FY25   | 21,778              | 1,472 | 6.8%                 |
| FY26   | 22,528              | 1,691 | 7.5%                 |

BUSINESS MIX

Cables and wires anchor earnings; switchgear and lighting add resilience; Lloyd creates a larger appliance runway but adds seasonality and margin volatility.

| <ul style="list-style-type: none"><li>- Cables capacity expansion and market formalisation</li><li>- Lloyd scale and premiumisation</li><li>- Distribution-led cross-selling</li></ul> | <ul style="list-style-type: none"><li>- Metal-price volatility</li><li>- Weak summer demand / Lloyd margins</li><li>- Premium valuation</li></ul> |

ANALYST TAKEAWAY

A high-quality franchise; the debate is whether Lloyd recovery and cable growth justify its valuation premium.
